HOW TO CURE A COLD. The moment a man is satisfied he has taken cold let him do three things: First, eat nothing; second, go to bed, cover up in a warm room; third, drink as much cold water as he can, or as he wants, or as much hot herb tea as he can, and in three cases out of four he will be well in thirty-six hours. The neglect of a cold for forty-eight hours, after the cough commences, is to place himself beyond care until the cold has run its course, of about a fortnight. Warmth and abstinence are safe and certain cures, when applied early. Warmth keeps the pores of the skin open and relieves it of the surplus which oppresses it; while abstinence cuts off the supply of material for phlegm which would otherwise be coughed up.—*Journal of Health.*

The Codfishermen have made full as good voyages as during the previous year. and there earning were even larger

The Vessels are all in excelent condition, and would sell to day for what they cost.

It is a disappointment, that the dividend is so much less than last year, but the directors feel as confident as ever, that the bhsiness will prove profitable. The investment from year to year, paying good dividends

and. Joseph B Macy served as Secretary & Treasurer.

On motion of H I Defriar, it was voted that the Directors, and agents, Reports, be read by the Secretary.

The Agents were called upon, to state their views relative to the business in future. and. they were satisfactorily received by the Stockholders present.

Voted on motion of Edw M. Gardner that the Directors Report. be accepted.

Voted on motion of Alfred Macy that we proceed to the Choice of Seven Directors by ballot

and the whole number of Votes given in was 12 representing Seventy four shares of Stock.

Joseph C Chase
Joseph Mitchell 2d
Andrew Whitey
George Palmer
William Cash
Bruce W Ewer
Francis Colburn

were represented by Seventy four shares of Stock and each were declared Selected.

Voted to proceed to a Choice of Secretary & Treasurer. for the current year.

The whole number of votes given in Secretary & Treasurer, Dwas Seven, representing Fifty four shares.

Joseph B. Macy had seven votes representing stock as above and he was declared elected.

On motion of Alfred Macy, it was voted that the Directors be authorized to take such steps, as they may deem necessary to liquidate the Debts of the Company.

The following is a Copy of the Directors Report, as presented and accepted by the meeting.

The directors of the Nantucket Fishing Company, in presenting their Annual statement to Feby 4 1868. Report that 112 shares of New Stock has been expended in the purchase of 7/8 of Sch. Atlantic. amounting to Fifty Six hundred dollars making the Number of Vessels Ten which our stock is invested in.

The Agents have presented their accounts for Nine Vessels. Showing a balance against the Company of $271-49/100 dollars

---

The Vessels generally, are in very good order. well found in sails rigging & and other appurtenances.

The Schooner Ellen H. Gott. whose account is not presented, has done a very unfortunate business. an her apparent indebtedness is about $3000. It is the opinion of your directors. that the Company is not bound for the whole of this, as about $1300. is in consequence of the failure of the sharesmen to pay their hired men, which it is believed cannot in justice be all collected of the Company. It

is suggested that the Company authorize the directors, to take legal advice previous to a settlement of the E.H. Gotts account

We have not escaped the misfortune which has attended the fishing interest of the whole N. England Coast & and regret that the balance is on the wrong side of the profit & loss account. as it is, we recommend that the directors be authorized to sell one of the vessels if they deem it necessary to make up the balance now standing against the Company

All of which is respectfully submitted

The Committee appointed to present a plan by which the Nantucket Fishing Company can successfully carry on its business, respectfully report that in their opinion. the Company should choose one Managing Director to have the general oversight of the business attend to the raising of Money. the purchasing of supplies. and the selling of the Companies property. and two Advisory Directors. and one or More Agents to attend particularly to the work on the Wharf. and to act in Connection with the Managing Director in the discharge of his several duties. Messrs Kenny & Crosby will act as Agents for a Salary of $800 apiece per annum and a joint Commission of fifteen per cent of the Nett profits of the Company

The Managing Director should have a salary of at least $500 per annum. The Company must have a working Capital. besides its Stock of interest in Vessels If the Company's interest in the Vestal. Ellen H Gott N.L. Hammond and Sathe Chase were sold. about $7000— would probably be raised thereby which sum would be about all that would be required to fit the remaining six Vessels in the Spring four of which should be sent to the Banks and two employed in the Mackerel Fishery.

Early in the Spring the Managing Director and Agent should proceed with one of the Company's Vessels to Boston purchase there for Cash the Necessary supplies. and bring them to this port. The Company's store should be kept not as a Grocery store for the general public but only for supplying those Articles required by the Vessels and their Crews. The Directors should have the privilege of hiring not to Exceed $15000— on the Credit of the Company. to Enable them to pay the Crews. and purchase supplies in Mid season when they find that the Company interests require that the Fish on hand should be held for a higher price than is then ruling The all important thing is to procure a good Managing Director. Your Committee hoped to be able to recommend some person for this position. but those whom they have asked to serve in this capacity have thus far declined. not because they deem the system a poor one. Nor because they fear that their efforts would not be crowned with success but because they do not care to encounter the Jests, Ridicule Abuse, Sarcasm, Croaking & discouragement which are now at work. and which threaten to continue for a Year to come

Respectfully submitted.

The Committee appointed to procure Acting Directors for the Nantucket Fishing Co. Would report that they have deviated slightly from the Suggestions of the former Committee. Inasmuch as the number recommended by them would involve an Alteration in the By Laws of the Company Your Committee deem it more advisable to Elect at the Annual Meeting a full Board of Directors. and would recommend for that office the following named Gentlemen

Acting Director	Thadeus C Defriez
Advisory Directors	Joseph B Macy & Jo Mitchell 2d
Assistant Directors	David C Baxter. Wm Cash
	Andrew M Mynick. Stephen Bailey & Chas C Moores

It is the opinion of Your Committee, that the well Known, Executive Ability and Business Capacity of the above named Gentlemen. will be a sufficient guarantee for the proper and successful Management of the Companys Affairs. The Committee would recommend that the Amount of Salaries to be paid. and the Entire Control of the Companys property. and the Management of its business. with power to sell such Vessels as they may deem most expedient be placed in their hands. during their term of service as Directors. all of Which is respectfully submitted Geo K Long. Copy of Directors Report.

The Directors in submitting the following Report, are disappointed if not been able to show a larger balance in the Company's favor.

It is in a great measure to be attributed to the small amount of money received from the Codfish.

The Vessels arrived in with full fares, with one exception, but owing to the excessively warm weather of the Summer, the Fish could not be cured in a manner, to command full prices, Some large Fish have been sold as low as two & 50/100 dollars per quintal.

The price of good Fish has ruled low during the Fish Season, and though the cost of fitting has been less than for a number of years past, yet the wages of the hired men have not fallen in the same proportion as the price of Fish - And the Mackerel men are also asking a greater percentage than we think

the busines will warrant
Nine vessels have been employed by the Company as follows.
Five, Codfishing off the Banks
one about the Shoals of Nantucket, Codfishing
(part of the season)
Three all the season. Mackereling, the
remainder, Mackereling after their return
from the Banks.
The Agent has prepared a statement of
the Company's affairs, showing a balance
in favor of the Company of Two thousand
fifty two dollars as the Net earning of
that Company for the year, based on the
estimated value of Materials on hand,
which has been estimated low, and
will probably realize all, if not more
than the appraisal.
Taking into consideration all
the Contingencies Incidents to the business,
the Directors unanimously recommend to dis-
continue, and close up the Company's
business.
All of which is respectfully submitted
Signed Joseph B Macy.
